

Rafael Corporan | Full-Stack Developer & AI Systems Architect

mobile: (347) 829-4952 | e-mail: rafaelcorporan@gmail.com | portfolio: rafaelcorporan.com

PROFESSIONAL SUMMARY:

Innovative Full-Stack Developer & AI Systems Architect with 10+ years of experience designing secure network infrastructures, building cloud-native applications, and integrating large language models (LLMs) into enterprise solutions. Skilled in DevOps, automation, and scalable backend systems, with a proven record of leading cross-functional teams and delivering consulting-grade solutions. Adept at bridging technical depth with business strategy to drive digital transformation and operational efficiency.

S K I L L S:

- | | | |

PROFESSIONAL EXPERIENCE

Udara, NYC | Mar 2019 – Sep 2024

VoIP Network Project Lead - Remote / Multi-site

- Architected and deployed a secure, multi-location VoIP network with centralized DigitalOcean VPS core.
- Implemented encrypted VPN tunneling and optimized Softswitch for high-availability call routing.
- Integrated simulation training platform (Sim Center) and managed dynamic Gateway Registration System.
- Led a team of 5 engineers, managing resources and delivering milestones on schedule.

Tech Alliance NYC | Apr 2014 – Sep 2017

IT Specialist / Web Administrator

- Provided enterprise desktop/server support and promoted to Web Administrator. • Deployed Oracle DB on SUSE Linux; built LAMP stack servers and WordPress sites. • Automated MySQL backups via Bash/cron; maintained mixed Windows/Linux environments.

OnuxTech, Freeport NY | Feb 2008 - Nov 2013

IT Consultant

- Designed and constructed data centers from ground up; implemented structured cabling and redundancy. Increased application uptime >99.5% by enhancing fail over and reducing mean-time-to-recovery.

System Engineer & Network Admin

Major Accomplishments

- Promoted from Crane Operator to System Engineer in 9 months.
- Promoted from Operator to System Engineer to Network Administrator within 2 years.

Hardware & Systems Deployment

- Deployed and maintained HP/Dell workstations and servers.
- Performed Windows/Linux OS imaging and cloning with Acronis and Norton Ghost.

Enterprise Networking & Security

- Configured Cisco Catalyst switches (2955, 4506): VLANs, password recovery, IOS upgrades/backups.
- Set up wireless networks: Cisco Aironet APs, Linksys WRT54G/WAP54G, SSID, WEP.
- Configured Cisco 2600 routers with OSPF, EIGRP, NAT, and secure remote access.

Microsoft Infrastructure & High Availability

Administered Active Directory, DNS, DHCP, DFS.

EDUCATION & CERTS

February 2003 - November 2025

Panduit Network

Formerly Voice and Data Cabling.

Cisco Academy / ITLA

HP IT Essentials I PC Hardware and Software
HP IT Essentials II Network Operating Systems

CompTIA A+

Cisco Academy / ITLA

Network Security I
Network Security II

GNU/Linux Structure

Linux Red Hat 7

Test-Out

Managing & Maintaining Windows Server 2003
Planning a Server 2003 Network Infrastructure
Implementing an Active Directory Infrastructure
Installing, Configuring & Admin Windows XP Pro

UNICDA) Dominican American University

Diploma in Management of Operations

Borough of Manhattan Community College

Cisco Certified Network Associate (CCNA)
CCNA 1: Networking Basics Cisco system
CCNA 2: Routers and Routing Basics Cisco system
CCNA 3: Switching Basics & Intermediate Routing
CCNA 4: WAN Technologies
Install, configure, & troubleshoot Cisco nets devices

AI - Trainings

OpenAI Academy | Prompt Engineering, Workflow Automation
Google Cloud AI | Implementation & Deployment
Anthropic Claude Academy | AI Fluency, Claude API, Bedrock,
Vertex AI, Model Context Protocol

ANTHROPIC (Claude AI)

- AI Fluency: Framework & Foundations
 - Claude Code in Action
 - Claude with Amazon Bedrock
 - Claude with Google Cloud's Vertex AI
 - Claude with the Anthropic API
 - Introduction to Model Context Protocol
 - Teaching AI Fluency
 - Model Context Protocol: Advanced Topics
